

Crawlees Road and Safety Issues

On Thursday 16th October 25, I attended a meeting in Dalkeith, with Kirsty McNail MP's - team. Representatives from Gorebridge Community Council were also in attendance. The aim was to discuss the safety issues on Crawlees Rd.

Richard Horsburgh (Gorebridge C.C.) gave an indepth report on these safety issues to Kirsty McNail's team.

In March 2025, Mary Davidson (Gorebridge C.C.) and myself, had a meeting with Christine Graham M.S.P. - on the same safety issues of Crawlees Rd. In May 25 - a reply came back indicating that an electronic road survey would be taken of Crawlees Road. Since then, there has been no contact from Christine Graham's team.

The latest development is that - ground works have already started on the fields beside Crawlees Road. This is in preparation for the house building. No final safe route to the schools has been approved.
